EDUCATION

School of Engineering, Cochin University of Science and Technology

Kochi, Kerala

Bachelor of Technology - Information Technology, CGPA : 8.87

Aug. 2023 – May 2027

EXPERIENCE

Software Developer Intern

June 2025 – July 2025

IHITS Technologies Pvt. Ltd.

Kochi, Kerala

- Contributed to **mobile app development** using **Flutter**, **Firebase**, and **Cloud Firestore** with state management via **GetX**.
- Designed and implemented **responsive UIs** aligned with modern **UI/UX standards**.
- Worked under the guidance of a **Senior App Developer (mentor)** and **Team Lead**, ensuring structured supervision and feedback.
- Maintained daily **Git commits**, shared progress updates, and actively participated in **code reviews**.
- Supported both **frontend** and **backend** tasks, gaining exposure to **full-stack development**.
- Delivered weekly **progress presentations** and contributed to **documentation**.

Internship - Computational Thinking and AI using MATLAB

June 2025

MathWorks

Remote

- Completed **30+ hours** of interactive learning on **MATLAB** and **Simulink**.
- Implemented **computational models**, **signal processing**, and **data visualization**.
- Explored basics of **machine learning** and **deep learning** through real-time mini-projects.

PROJECTS

QuickDoc | *MERN Stack (MongoDB, Express.js, React, Node.js), Razorpay API*

Jan 2025 – Oct 2025

- Developed a **multi-user healthcare platform** for booking and managing appointments with dashboards for **patients**, **doctors**, and **admins**.
- Engineered the **full-stack application** ensuring **responsive** and **scalable** performance.
- Integrated **Razorpay payment gateway** for seamless online fee processing.
- Implemented **role-based authentication** and dashboards, enhancing security and usability.

InEx – Income & Expenses Tracker | *Flutter, Firebase, Cloud Firestore, GetX*

June 2025 – Aug. 2025

- Built a **cross-platform app** to manage **income** and **expenses** with a clean, intuitive **UI**.
- Implemented **Firebase Authentication** for secure login, **Firestore** for real-time transactions, and **Cloud Storage** for profile images/receipts.
- Designed a **dashboard** with visual insights including **charts**, **categories**, and **summaries**.
- Utilized **GetX** for efficient **state management**, **routing**, and **navigation**.

CERTIFICATES / ACHIEVEMENTS

Ideathon – IIT Kharagpur (Composit'25): Secured **Silver Medal (2nd place)** among 60+ teams in a national-level competition.

Full Stack Open (5 ECTS): Certified by the **University of Helsinki** in Full Stack Web Development.

Python (Basic): Certification from **HackerRank**.

MATLAB & Simulink Training: Ranked **7th among top 10** out of ~500 participants.

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript, Python, Dart

Databases: MySQL, MongoDB, PostgreSQL

Frameworks: Flutter, React, Node.js, Express.js

Tools & Technologies: Git/GitHub, MATLAB, Simulink

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems, Computer Networks
